OFFICE OF THE PRESIDENT

Subject: Proposed FY19 Budget

On behalf of the faculty, staff, and students at Laramie County Community College (LCCC), it is my pleasure to present you with our proposed budget for the 2018/2019 Fiscal Year (FY19). Our budget process continues to improve, with exceptional people leading the process and more committed and engaged faculty and staff that play a significant role in facilitating the process. As such, even in an austere fiscal environment, we are bringing you a balanced budget that is conservative, yet provides for essential investments per your and the institution's priorities.

FY19 is projected to be a flat, stable, fiscal environment. As you know, with the Governor's continued support of community colleges, and the Legislature's similar support, we did not see the anticipated reduction in State aid, as a result of declining enrollment and the new calculations for State funding that were a result of HB 80's implementation. This is fortunate, and justified, given the significant reductions the community colleges took with the Governor's mid-biennium reductions and the Legislature's penny plan. These two cuts alone resulted in nearly twice what the reduction under HB 80 would have required the community colleges to take. Thus, we avoided a "double-whammy" of reductions for this biennium.

State funding, therefore, remains relatively flat. Local funding, however, continues to increase modestly as a result of the economic growth in Laramie County and continued increase in assessed valuation. We anticipate this trend continuing, although the extent of the growth is yet to be determined. Thus, we are taking a conservative approach to projecting these funds, especially for the One Mill Fund. Tuition rates are not changing, and while our enrollment has stabilized, and perhaps even increasing, because much of our growth has come through populations that may be subsidized (e.g., concurrent enrollment) we are not seeing the expected tuition revenue increases. So while our

projections for FY19 are that tuition revenue will be down, our intentions are to work diligently to see the opposite.

Finally, one of the wildcards for the FY19 budget is not what we have profiled, but rather what we may see over the course of the year. An unknown at this juncture is to what extent the improving local valuation in the other community college districts may have in the recapture and redistribution of State funds. Without going into detail, local revenues in the other community college districts impact the distribution of State revenues. Over the past years, Laramie County has been the only district to see increased valuation, while the others have decreased. Thus, State funds have shifted from LCCC to the other colleges per the model. Indications are that local valuation in the other districts are improving, and we believe that may result in additional funds shifting to LCCC sometime in FY19. Because this is an unpredictable phenomenon, we are not profiling these expectations in the budget.

FY19 Budget Overview

As previously mentioned, we approached the development of this year's operating budget (Current/General and One Mill funds) with the goal of maintaining a flat budget, while also reallocating funds to accomplish some specific objectives. I will briefly summarize where significant reallocation and investment is occurring in the following.

Compensation Plan

Likely the most significant budget issue for this budget is the commitment to implementing the new Classification and Compensation Model at LCCC. With your guidance, we have designed this budget around a more aggressive implementation strategy. Without going into detail, this budget includes the second half of the first phase of our implementation plan (moving anyone below the minimum of our new salary bands to the minimum), and implementing the first half of Phase II, which is focused on bringing employees below the 25th percentile to that position on their respective scale. Collectively, these two items equate to an investment of more than \$900,000.

To accomplish this, and as we discussed previously, we have moved significant operating costs to the One Mill Fund. This notation is significant for two reasons. First, we will have to find another \$600,000 (approximately) next year to complete Phase II of the implementation plan. That money does not currently exist and will have to be secured for next year. Second, we are utilizing the One Mill Fund to cover operating expenses for this and will eventually have to move those from that fund back onto the Current/General Fund to ensure we meet your expectation for the liquidity in the One Mill.

In addition to these items, as well as our typical investments in educational advancements and market adjustments that have occurred over the course of the past year, we are also setting aside a modest amount of funding for performance incentives. Some considerable feedback has been received from campus that the timeline for implementing the "performance" or preferred qualifications components of our new

Classification and Compensation Model may be too far in the future. To allow for some movement in these areas should the opportunity arise, we are building in a small pool of funds (\$30,000) should it become feasible to implement something along these lines in the next fiscal year.

Operational Areas

Operational areas and their budgets have remained fairly consistent with the previous years, indicative of a flat, stable budget environment. There are, however, a few areas that are worth noting.

- **Student Services Budget** – We have moved the remaining scholarship funds from the One Mill back under the Current/General Fund. You may recall we carried some scholarship dollars on the One Mill last year as a pilot to examine the impact of expanding our merit-based scholarships outside of our immediate service area. These funds now reside with the other scholarship funds on the Current/General Fund, and thus you will see an increase in the Student Services program area.
- **President's Office Budgets** – We have included the Board's requested \$15,000 for recruitment initiatives, specifically to fund a Strategic Enrollment Management (SEM) Readiness Assessment. In addition, we have budgeted for the pending Trustee election to occur in the fall. These two items reflect the increase to the President's program area in the Current/General Fund.
- **Utilities Budget** – The Administration and Finance program area shows a significant budget reduction for FY19. This is a result of an anticipated reduction in many of the utility lines for the College. What we are seeing is the impact of the multitude of infrastructure improvements (major and minor maintenance) over the past few years. For example, the replacement of old campus lighting systems with new LED systems is having a noticeable impact on electricity use.
- **New Positions/Reserve** – This year's budget also includes a very modest investment in new positions. However, most of these are a result of repurposing vacant positions, rather than the actual addition of new personnel on the budget. In addition, I have "swept" approximately \$120,000 from vacant positions to be held in a reserve. This will ensure that we have resources waiting for any program expansions or additions LCCC may have over the coming year as a result of enrollment growth strategies that may or may not be connected to our Guided Pathways work.

One Mill Fund

As stated earlier, we are anticipating an increase in local funds, which also means an increase in the revenue associated with the One Mill Fund. However, we have had to scale back much of the one-time funding typically carried on this fund to allow for the addition of certain operating expenses moved from the Current/General Fund. The

movement of these expenses was necessary to accommodate the funding of the new Classification and Compensation Model.

The One Mill Fund will continue to carry some of the more traditional expenses you have seen on it in the past. This includes funding for our activity at our Pine Bluffs outreach center, a slightly reduced amount for unanticipated or strategic professional development, an equipment replacement/repair fund, and minor maintenance projects. We will also continue to carry the expense LCCC will have for our participation in the Guided Pathways 2.0 initiative with AACC. Finally, we believe it is important for the College to provide some resources for one-time-only purchases for equipment and other items prioritized by the Budget Resource Allocation Committee (BRAC). To that end, we have included just over \$200,000 in the One Mill Fund for these expenses.

Other Funds

Although this memorandum primarily focuses on our operating budget—or the Current/General and One Mill funds—the FY19 budget also includes other funds. For the most part, very few notable differences exist in the FY19 budget than in those from previous years. One worth drawing your attention to is the significant increase in the Plant Fund. As you may recall, this past legislative session we supported the Governor’s request for substantial increases in Major Maintenance funding. The Legislature also supported these increases, and this has resulted in LCCC receiving nearly twice the amount of funding for Major Maintenance than it has in past years. These are welcomed resources that will be put to good use.

Summation

In conclusion, I believe the proposed FY19 budget strikes the appropriate balance between fiscal conservancy and stability in the present and investments for the future. The FY19 budget was developed through collective and collaborative efforts across the LCCC community. I believe this inclusive approach for developing our FY19 budget will continue to move the College, its students and community, toward a brighter future through fiscally responsible funding for employee, student, and community needs. Thank you for supporting these collective and collaborative efforts and the FY19 budget development.
