Subject: Proposed FY20 Budget

On behalf of the faculty, staff, and students at Laramie County Community College, it is my pleasure to present you with our proposed budget for the 2019/2020 Fiscal Year (FY20). I would like to say our budget environment has stabilized somewhat from the tumultuous past few years. However, because uncertainty remains about the future, LCCC continued to take a very conservative approach to building this budget. Fortunately, the College's inclusive budget process that taps the collective intellect of many here at LCCC has again produced a strategic and balanced FY20 LCCC Budget for your first reading.

Overall, FY20 will be a stable fiscal environment that will allow us to continue our strategic investments in people, advance our strategic plan in its final years, and make necessary investments for general operational efficacy. However, challenges are still anticipated in the near future. The unresolved funding of health insurance, along with the uncertainty of the State's overall economic stability in the energy sector, suggests we should also budget for these potential challenges down the road. I believe the proposed FY20 budget does so.

Local funding continues to increase modestly, as a result of the economic growth and the increase in assessed valuation in Laramie County. Although we have reason to be very optimistic that this trend will continue and that the College's Four Mill and One Mill funds will continue to grow, the increased assessed valuation also presents some challenges. Without going into detail, local revenues in the other community college districts impact the distribution of State revenues. As long as the other community college district valuations remain stagnant, LCCC will continue to see the loss of State funds through the recapture and redistribution. Thus, while we anticipate an increase of nearly \$1 million in local funding for FY20 from increased assessed values, we are

faced with an off-setting loss of nearly \$1 million in State funds. That said, we are also optimistic that the local valuations in the other districts are improving and that will result in additional funds shifting to LCCC sometime in FY20. However, we are not profiling this possibility at this time.

Some additional new funds are anticipated to improve the FY20 budget picture. First, our continued improvement in student outcomes has shifted more performance funding to LCCC's budget (approximately \$775,000), and we have received a modest appropriation for employee compensation (approximately \$330,000). Tuition rates are increasing this year, moving from \$94/credit to \$99/credit for resident students. The shift in the tuition cap from 12 credits to 15 credits will also provide additional tuition revenue. However, we do not know how the increased tuition and the movement of the cap will impact student enrollment behavior. Our conservative estimates suggest the College should realize about \$800,000 in additional tuition revenue next fiscal year.

FY20 BUDGET OVERVIEW

The College is fortunate to be anticipating additional revenue in FY20. However, given significant commitments for the further implementation of the College's new compensation plan and some uncertainties about the future (e.g., health insurance funding, recapture/redistribution, etc.), we approached the development of this year's operating budget (Current/General and One Mill funds) with the goal of maintaining a flat or slightly reduced budget. I believe we were able to accomplish this while also keeping our operating budgets more than sufficient, investing in essential one-time needs, investing in strategic priorities, and meeting our commitments to employee compensation. I will briefly summarize where significant investment occurs in our FY20 budget, starting with compensation.

Compensation Plan

Similar to last year, the most significant budget issue is the investment in our employees. First, we are continuing the commitment for implementing the new Classification and Compensation Model, specifically Phase II.B, which is the second half of the second phase of our implementation plan. This phase will move all employees to the 25th percentile on their respective pay scale, whose pay has not yet reached that percentile.

Next, we recognize that many individuals have not had a compensation adjustment to address inflationary pressures for nearly four years. We advocated in the Legislature for a Cost of Living Adjustment (COLA) in the four percent range. Unfortunately, they settled on roughly a two percent increase with significant stipulations (e.g., funding only 60% of it and capping the increase at the first \$80,000). This makes the implementation of a COLA in our model both difficult and arguably unfair to many employees who have not seen a raise in far too long. We recognize that our employees are the most valuable resource we have, and so we found ways to ensure that all employees will see a two percent COLA next year.

Finally, as you know, our model is a market-based compensation plan. Because of this, we are required to continually assess the market where the recruitment and retention of employee groups or positions have challenges. Information technology and physical plant trades positions are areas that have presented such challenges. Thus, we had to make a significant market adjustment for some of these positions.

Collectively, these three compensation items alone equate to an investment of more than \$1.3 million. Fortunately, we had additional revenue in the General Fund that allowed us to provide these investments without further impacting the liquidity of the One Mill Fund.

In addition, the FY20 budget includes the College's typical investments in educational advancements and market adjustments that have occurred over the course of the past year. A modest amount of funding has also been set aside for performance incentives.

Guided Pathways Implementation

As we near the end of our second of three years in the Guided Pathways initiative, we are starting to see the fruits of our labors. Producing said fruits is requiring effort above and beyond normal working hours and commitments. Thus, looking into next year, we anticipate making some additional investments in activities and personnel that will be essential in bringing Pathways to scale in the fall of 2020. This includes a modest investment in faculty and staff work during the summer of 2019, primarily associated with the General Education and program mapping efforts. In addition, we are planning for the initial investment in key personnel for Guided Pathways elements. In FY20 this includes adding two additional FTE in Academic Advisors, as well as a half FTE in the School of Health Sciences and Wellness for a faculty to help oversee our Health Care Pathway degree (our AS in Health Sciences). The other half FTE will come from Foundation funds for starting a BAS (Bachelors of Applied Science) degree.

Operating Reserve

The proposed FY20 budget includes a strong operating reserve on the General Fund (approximately \$307,000). We will also carry a reserve on the One-Mill Fund (approximately \$41,000). This provides a total of \$348,000. These reserves will provide funding for three strategic areas.

The first is the amount for which the College would be liable should health insurance funding from the State run out in FY20. I am still working with State leaders to ensure we have adequate funding for the remainder of this biennium, as well as into the future. However, at this juncture no solution exists.

Second, the reserve serves as a buffer in the event the increased tuition, along with the movement of the tuition cap, creates a negative outcome in our overall enrollment. If students choose to take fewer courses or if enrollment declines because of the increased costs of tuition, the reserve ensures we have adequate budget to still cover operating expenses for FY20.

Finally, should neither of the previous two considerations become a reality, this reserve ensures we conclude the biennium with some “flex” in our General Fund budget. Assuming similar levels of funding as we enter the next biennium, these resources could be strategically deployed for the continued implementation of Guided Pathways, for elements associated with our strategic programming and enrollment management plans, or for off-setting unforeseen impacts on the College's fiscal picture.

One Mill Fund

As stated earlier, we are anticipating an increase in local funds, which also means an increase in the revenue associated with the One Mill Fund. The One Mill Fund will continue to carry some of the more traditional expenses it has in the past. These include funding for the Eastern Laramie County outreach center in Pine Bluffs, unanticipated or strategic professional development, an equipment replacement/repair fund, and minor maintenance projects. Finally, we believe it is important for the College to provide some resources for one-time-only (OTO) purchases for equipment and other items prioritized by the Budget Resource Allocation Committee (BRAC). In addition, we have four exceptional Innovation Funds proposals for FY20 that we believe should be funded. All four of them touch on the aspects of our Strategic Plan Focus areas and demonstrate the power of our faculty and staff's innovation abilities at LCCC. Nearly \$250,000 for one-time-only and innovation funds proposals are included in the One Mill Fund for these expenses.

Other Funds

Although this memorandum primarily focuses on our operating budget—or the Current/General and One Mill funds—the FY20 budget also includes other funds. For the most part, very few notable differences exist in the FY20 budget compared to those from previous years. One worth your attention is the significant increase in the Plant Fund, which is primarily associated with the construction projects occurring on campus now and/or into the next fiscal year.

SUMMATION

In conclusion, I believe the proposed FY20 budget strikes the appropriate balance between fiscal conservancy and stability in the present and for future investments. The FY20 budget was developed through collective and collaborative efforts across the LCCC community. I believe this inclusive approach for developing our budgets continues to move the College, its students and community, toward a brighter future through fiscally responsible funding for employee, student, and community needs. Thank you for supporting these collective and collaborative efforts and the FY20 budget development.

NOTICE OF HEARING OF THE LARAMIE COUNTY COMMUNITY COLLEGE BUDGET
