911 Protocol

In any emergency, always try to remain calm and rational. The following procedures are used as a guide to help you deal with an emergency. Remember, no two emergencies will ever be the same, so common sense must prevail.

If in doubt, call 911.

Anytime that a 911 call is necessary, follow the guidelines below:

- 1. Identify yourself.
- 2. Give nature of emergency.
- 3. Give building address and precise location of emergency in the building.
- 4. Give medical status of all visitors and staff if known (if appropriate).
- 5. Do not hang up unless told to do so by the 911 operator.
- 6. After being released by the 911 operator, alert Campus Safety by calling 307.630.0645.

Fire, Smoke or Explosion

When a fire or explosion occurs in the building, or if you observe smoke, please follow the guidelines below:

- 1. Assess the situation; activate the nearest fire alarm and call 911
 - a. Identify who you are
 - b. Give your location, name and address of building
 - c. Give nature of incident: what kind, where and if there are any known injuries
- 2. After being released by the 911 operator, alert Campus Safety by calling 307.630.0645
- 3. Evacuate building. Go at least 500 feet away from the affected area. Keep streets, fire lanes, hydrant areas and walkways clear for emergency vehicles and personnel.
- 4. Do not attempt to return to the building until the "All Clear" is given.

Threatening Calls

- 1. Remain calm and collect as much information as possible.
 - a. If caller ID is possible, note the telephone number.
 - b. Who is calling?
 - c. Where is the caller calling from?
 - d. What is the caller's complaint?
 - e. How is the caller threatening?
 - f. **Do not** hang up the phone, even if the caller hangs up.
- 2. From another phone, notify Campus Safety by calling 307.630.0645
- 3. If directed to do so by Campus Safety, call 911.

After-Hours Emergencies

If there is:

- Evidence of forced entry
- Severe vandalism
- Natural gas odors
- Visible physical damage from the elements
- Water or wind damage to the building
- 1. Call 911 from a safe place
- 2. Do not enter the building
- 3. Call Campus Safety 307.630.0645

If there is

 Minor vandalism that does not require securing the building, alert Campus Safety by calling 307.630.0645

Shelter in Place – Hazardous Materials Spills

A toxic material that may be hazardous to the human body as a respiratory/skin hazard.

If you witness a hazardous materials spill, call 911.

If the spill occurs OUTDOORS:

- 1. Call 911 if emergency services are needed.
- 2. Alert Campus Safety by calling 307.630.0645
- 3. Move staff and visitors indoors.
- 4. Turn off all ventilation systems.
- 5. Go to designated Shelter in Place locations listed above. Close all windows and doors. Seal gaps under doorways and windows with wet towels and duct tape or a similar thick tape and plastic if available. (Kit is available in each room blue labelled bucket).
- 6. Close as many internal doors as possible.
- 7. If local authorities warn of an explosion, close all shades and drapes.
- 8. If you suspect that gas or vapors have entered the building, take shallow breaths through a cloth or towel.
- 9. Remain in protected, interior areas of the building where toxic vapors are reduced. Keep your radio with you and turned to your local radio stations or weather alert radio for developing information.

If the spill occurs INDOORS:

- 1. Evacuate the affected area (areas of building).
- 2. Call 911 if emergency services are needed.
- 3. Alert Campus Safety by calling 307.630.0645
- 4. Move staff and visitors outside.
- 5. Shut off ventilation system.

Training Center	TC 112
Training Octives	10112

Weather Situations

Snow

- 1. The grounds maintenance manager will call the Physical Plant Director by 5:30 a.m., who in turn will call the President.
- 2. The President or designee notifies the AVPIA who will contact the PR team. PR will notify all local media by 6 a.m. The AVPIA will also communicate with Campus Safety, the Residence Hall Director, the Children's Discovery Center, branch campuses, Dean of Students and the Vice President of Student Services.
- 3. PR will send out a message via RAVE and update all social media, the website, marquees and Channel 191.
 - a. If the closure happens later in the day, the communication tree, email, RAVE, marquees and Channel 191 will be used to notify campus employees and students. PR will also notify all local media of the closure.
- 4. 'Closed campus' refers to all classes and activities in Cheyenne.
- 5. For information about closures at branch campuses, check the LCCC website: lccc.wy.edu.
- 6. Students are responsible for their own safety and class performance.

Flood

FLOOD WATCH—Flooding is possible.

FLOOD WARNING—Flooding is already occurring or will occur soon.

- 1. Move from the lower part of the campus to higher ground.
- 2. Stay away from power lines and electrical items.
- 3. Look before you step; make sure there is something to step on. Six inches of moving water can knock a person down.
- 4. Be alert for gas leaks.
- 5. Stay on high ground until notified.

Tornado (See shelter list below)

TORNADO WATCH—indicates that conditions are right for a tornado.

TORNADO WARNING—indicates one has developed or could develop within minutes.

Assist people with disabilities. Do not use elevators. Avoid outside walls, glass windows, corridors, doors and display cases.

- 1. Do not leave the building unless you are instructed to do so.
- 2. If possible, get under heavy furniture that might protect you from falling or flying debris.
- 3. REMEMBER that people generally are not killed or injured by a tornado's winds; airborne debris and falling objects caused by the winds are what cause most casualties in a tornado.
- 4. Do not leave the safety of the area until an "all clear" is given.

Earthquake

Training Center

- 1. Seek refuge in a doorway or under furniture. If there is nothing available for cover, crouch against an interior wall and protect your head and neck with your arms. If seeking cover under a desk or table, hold on to it and be prepared to move with it during the quake.
- 2. Stay where you are until the shaking stops and it is safe to move.
- 3. Evacuate the building and assist any injured people or persons with a disability. Avoid electrical wiring, indoors and out. Do not use elevators. Go at least 500 feet away from the affected area. Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel.
- 4. Be alert for the smell of natural gas. If detected, leave the area immediately. Report smell to Campus Safety and/or Maintenance.
- 5. Be prepared for aftershocks. Most of these are smaller than the main shock but some may be large enough to cause additional damage. Move to an open area, staying at least 500 feet from the building.
- 6. Do not return to the building until you are notified it is safe. If requested, assist emergency crews as necessary.

Intruders, Gunmen, Hostage Situations

Lockdown

If there is an INTRUDER INSIDE

- 1. If determined necessary, designated person should call 911
- 2. Alert Campus Safety by calling 307.630.0645
- 3. Employees may elect to lock office/classroom doors and sit quietly. (See "Run-Hide-Fight" below)
- 4. Account for all staff.
- 5. Keep blinds closed.
- 6. Remain in lockdown until the "all clear" is given.

Suspected Threat

OUTSIDE and UNKNOWN LOCATION

- 1. Call 911
- 2. Alert Campus Safety by calling 307.630.0645
- 3. Lock all interior entrance doors to offices/classrooms

Lockdown

If there is an INTRUDER OUTSIDE and VISIBLE

- 1. If a suspicious person is sighted.
 - Immediately notify 911
 - Call Campus Safety 307.630.0645
 - Do not approach.
 - Campus Safety and/or law enforcement will ascertain the intent of the suspect.
- 2. If a gun is seen or suspected,
 - Call 911
 - Alert Campus Safety by calling 307.630.0645
 - Secure all interior doors.
- 3. If shots are fired,
 - Take cover.
 - Move to a safe location if possible.
 - Account for staff, where you are.
- 4. Remain under cover until all clear is given.

HOSTAGE

- 1. If able to safely evacuate, DO SO!
- 2. Call 911
- 3. Alert Campus Safety by calling 307.630.0645

RUN-HIDE-FIGHT

When an active shooter is in your vicinity you must be prepared to deal with the situation.

You have three options:

- RUN If you deem it safe to evacuate
- HIDE If evacuation is not possible
- FIGHT As a last resort and only when your life is in imminent danger

Please refer to the U.S. Department of Homeland Security Active Shooter Event Quick Reference Guide, www.dhs.gov/xlibrary/assets/active-shooter-pocket_card.pdf

Bomb Threat

- Upon receipt of a bomb threat, obtain as much information as possible.
- If an office receives a bomb threat electronically, save the message on the system.
- Don't delete the item and print a copy of the message to be turned over to the police.
- Do not panic; if it is a call, take notes. Record the exact wording if possible.
- Do not hang up the telephone, even if caller hangs up.
- Ask questions:

When is the bomb going to explode?		Where is the bomb now?		
What does it look like?		What kind of bomb is it?		
What will cause it to explode?		Did you place the bomb? Why?		
What is your name?		What is your address?		
Sex of caller:		Race:	Age:	
Length of call:		Number at which call is received:		
Date:		Time:		
Caller's Voice			Background Sounds	
Calm Slow Loud Disguised Distinct Stutter Ragged Familiar If voice is fami	Angry Rapid Laughter Crying Slurred Lisp Accent Deep breathing	Excited Soft Deep Normal Nasal Raspy Cracking voice Clearing throat	Street Factory machinery PA system Music House Motor Booth Other	Irrational Office machinery Animal noises Clear Static Local Long distance
		BOMB T	HREAT FORM	

- 1. Immediately notify 911 and alert Campus Safety from a land-line phone by calling 307.630.0645
- 2. Do not evacuate the building unless:
 - The threat states the bomb will detonate at a specific time or within so many minutes and/or gives a specific location.
 - Do not report the threat on a cell phone and do not activate the fire alarm system. This could detonate the bomb.
