Dear Candace:

Congratulations! Your test center has been awarded the National College Testing Association Test Center Certification. The Laramie County Community College, Exam Lab is among the growing number of test centers to receive this distinction from NCTA.

Your certification application has been thoroughly reviewed by the NCTA Test Certification Committee, and a site visit has been made to your test center. The NCTA Governing Board has granted Test Center Certification to your center at the recommendation of this committee.

Your test center certification is valid for five years. During this period, your center has the right to display the official NCTA certification plaque as well as the privilege of designating those on your campus to receive a letter of congratulations. Also, NCTA is enclosing a press release that may be distributed to your local news media.

Again, we would like to congratulate you, your test center staff, and your institution for the achievement of NCTA Test Center Certification.

Sincerely,

A handwritten signature in blue ink that reads "Duane Goupell".
