Re: Naming Tributes

---

In accordance with Section 5.5P – Naming of College Spaces Procedures, the LCCC Foundation has reviewed the below candidate for potential naming opportunities on campus. We propose the following candidate for recognition on the Cheyenne campus through a naming tribute based on their financial and service contributions to Laramie County Community College.

Platte Valley Bank:

In 2017, Platte Valley Bank committed to the LCCC Foundation and the College a gift to support the renovation and expansion of the Ludden Library. The intent of this gift was to support the Foundation in its efforts to raise \$2.5 million to match state support to fund the library project. This gift is in addition to the previous support provided by Platte Valley Bank as a supporter of our athletic programs. In working with bank representatives, they have expressed their support for what LCCC is doing to provide outstanding educational opportunities for our students, including quality facilities.

In conversations with bank representatives, they have expressed an interest in identifying a space within the scope of the Ludden Library renovation as an opportunity for recognition of their gift. At this time, we propose naming the new patio, located on the west side of the exterior of the library, the Platte Valley Bank Patio.

At the request of the donors, we respectfully request that the specific financial details of the transaction remain confidential.

The LCCC Foundation Board recommends and supports these candidates and the identified naming tribute and looks forward to the Trustees' favorable response.
