Re: Naming Tributes

In accordance with Section 5.5P – Naming of College Spaces Procedures, the LCCC Foundation has reviewed the below candidate for potential naming opportunities on campus. We propose the following candidate for recognition on the Cheyenne campus through a naming tribute based on their financial and service contributions to Laramie County Community College.

Dale and Paula Strickland:

Recently Dale and Paula Strickland, informed the LCCC Foundation that they plan to make a gift to the LCCC Foundation to support the completion of the Ludden Library renovation. Paula was an elementary school teacher for many years and is very pleased to support the efforts of the Library staff to improve the learning environment for our students, especially those that have young children.

This gift has been secured to provide additional financial assistance for library staff to purchase furniture and equipment to insure that the family study space in the Ludden Library is both adult and children friendly. At this time, we propose naming the new family study room, the Strickland Family Study Room in the Ludden Library.

At the request of the donors, we respectfully request that the specific financial details of the transaction remain confidential.

The LCCC Foundation Board recommends and supports these candidates and the identified naming tribute and looks forward to the Trustees' favorable response.
