Notes:

² Headcounts are unduplicated by location. However, since some students take classes at more than one location, total headcounts are duplicated counts.

³ Full-time Equivalent (FTE) enrollment for each semester = (total student credit hours)/12.

⁴ Category definitions were revised for accuracy in summer 2016, so year-to-year comparisons may show slight, unexpected trend changes.

⁵ SCH = Student Credit Hours.

⁶ High School Student Locations include both concurrent classes and classes for dual students hosted at the local high school.
