III.i.C.2

Revised Planning and Instructional Strategies That Strengthen Performance on Student Learning Competencies

Standards:
Programs document revised planning and strategies that strengthen performance on student learning competencies.

Guidelines:

- a) Program Changes: Provide at least one example of changes implemented to the program and/or its courses as a result of assessment planning efforts over the last review cycle.
- b) Improvement in Learning: Indicate how student achievement of proficiency on learning competencies has improved over time as a result of the program's assessment planning.
- c) Planning/Evaluation Changes: Using the assessment plan in Aquila or a plan provided by the program, provide at least one example of how it has been changed to strengthen its usefulness to the program for monitoring, maintaining, or evaluating performance on student learning competencies.
