Item II.B.3

---

**II.B.3**

**Student Learning Competencies are Consistent Across All Instructors and All Modalities**

**Standards:**  
Programs ensure student learning competencies are consistent across all instructors and all modalities.

Guideline:

a) In addition to existing MCORs, describe the process(es) the program uses to ensure that all program courses/course sections have the same course elements regardless of delivery modality, such as course competencies, summative common course assessments, and standardized syllabi, e.g., training for adjuncts or provision of commonly-shared course resources.

**Judgment**

Compliant  Non-Compliant  Not Applicable

**Program Self-Study Narrative**

a) In addition to existing MCORs, describe the process(es) the program uses to ensure that all program courses/course sections have the same course elements regardless of delivery modality, such as course competencies, summative common course assessments, and standardized syllabi, e.g., training for adjuncts or provision of commonly-shared course resources.
