Values

Core Values – We believe these values are inherent in the cultural fabric of the College and could not be extracted in any way.

1. **Passion** – Our institution is wholly dedicated to engaging in our work, sharing our beliefs, and debating the merits of any course of action as we strive to transform our students' lives through inspired learning.
2. **Authenticity** – True to our Western heritage, we are genuine to a fault, without pretense, and steadfast in our dedication to delivering on a promise, product, or need.
3. **Desire to Make a Difference** – We engage in and pursue our goals for the opportunity to create better lives, better communities, and a better world for those who are here today and the generations that follow.

Aspirational Values – We readily admit to a mismatch between our desire for these values and their existence at the College.

However, our strong commitment to these ideals will shape the actions we take to ensure their universal presence at LCCC into the future.

1. **Commitment to Quality** – Quality is found at the intersection of hard work and high standards that are consistently met. We are committed to promoting a culture of evidence that compels us to continuously strive for greater competence and productivity while always seeking to transform students' lives through inspired learning.
2. **Entrepreneurship** – In an uncertain era, endless opportunities await those institutions willing to take risks. Grabbing these opportunities requires informed risk-taking and innovation fostered in a safe, yet demanding, environment.
3. **Tolerance** – As an institution, we must engage in wide-ranging, open-minded discourse with civility and objectivity grounded in what is best for our students as well as ourselves.
