

Dear Sir.

I am a student here  
at LCCC. I am also a 100% service connected  
Army Veteran. I need to voice my opinion  
of my instructor Rob Benning in the auto-body  
class he teaches.

First I say about 10 years ago  
I took a couple of autobody classes here at LCCC.  
I really did not learn as much as Mr. Benning has  
taught me and fellow students.

LCCC should be thanked by the  
whole city of Cheyenne, this man, has knowledge of  
auto body, and some auto tech. And let me tell you,  
he is the most intelligent man I have ever met  
pertaining to automobile care. His attitude is  
always positive! He makes a person do there best,  
without pushing. I am at AWE of his skills.

I think you need more commercials on tv to show  
the city, just what Rob teaches. Also a raise would  
probably be beneficial in keeping this man teaching  
here at LCCC.

I will be taking the class again in  
August.

Thank you

Mr. Michael Romero

Corporal Retired U.S. Army.
