Dear LCCC employees,

The Operation Back to School Community Alliance would like to thank you for your OBTS contributions, which helped provide low-income Laramie County students with school supplies this year. With such generous support, these boys and girls were able to start school with the things they need to participate in the classroom.

In addition, these donations have helped ensure supplies are available at Needs Inc. for families throughout the school year.

We greatly appreciate all efforts toward this worthy cause. Thank you, once again, for these thoughtful contributions.

Sincerely,

The Operation Back to School Community Alliance

Thank you so much
for the flowers. Your
thoughtfulness is
greatly appreciated.

During a time
like this
we realize how much
our friends and relatives
really mean
to us
Your expression
of sympathy will always
be remembered

Mary McIlvaine
