Dear Joe:

I want to thank you and Lisa Murphy for taking time out of your day to provide a tour of the Laramie County Community College Dental Hygiene, Process Technology and Wind Energy Programs. Very impressive!

I appreciated the opportunity to visit with each of the Program Directors to obtain an understanding of the programs offered and to see some of the opportunities available for students. These facilities are indeed providing a needed service and training to better prepare students with the skills to be successful in the workforce.

I also want to thank Jennifer Thompson for making the arrangements for my visit. I enjoyed it very much. If there is ever anything I can do to assist you, I hope you will not hesitate to call on me.

Sincerely,

A handwritten signature in brown ink that reads "Mike Enzi".
