

LARAMIE COUNTY COMMUNITY COLLEGE
NURSING PROGRAM
**ADMISSION INFORMATION AND
APPLICATION FORM**

for the class beginning January 2018

Application Deadline: September 1-15, 2017

The nursing curriculum at Laramie County Community College is a leveled educational program to facilitate career mobility. The first two semesters provide a foundation for progression in the field of nursing and prepare the student to enter the second level of the nursing curriculum and/or take alternative course work which will provide a PN certificate and eligibility to take the qualifying examination for Practical Nurse Licensure (NCLEX-PN). Upon completion of the third and fourth semesters of nursing education, the graduate earns an Associate Degree in Nursing (ADN) and may be recommended to take the qualifying examination for Registered Nurse Licensure (NCLEX-RN).

Laramie County Community College is committed to providing a safe and nondiscriminatory educational and employment environment. The college does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, political affiliation, sexual orientation or other status protected by law. Sexual harassment, including sexual violence, is a form of sex discrimination

prohibited by Title IX of the Education Amendments of 1972. The college does not discriminate on the basis of sex in its educational, extracurricular, athletic or other programs or in the context of employment.

The College has a designated person to monitor compliance and to answer any questions regarding the college's non-discrimination policies. Please contact: Title IX and ADA Coordinator, Suite 205, Clay Pathfinder Building, 1400 E College Drive, Cheyenne, WY 82007, 307.778.1217, TitleIX_ADA@lccc.wy.edu.

The Nursing Program has been developed in accordance with criteria established by the Accreditation Commission for Education in Nursing, Inc. (ACEN) with assistance from the Wyoming State Board of Nursing (WSBN). The program has received approval as a nursing education program by the WSBN, 130 Hobbs Avenue, Suite B, Cheyenne, WY 82002; 307.777.7601 and is accredited by the ACEN, 3343 Peachtree Rd., NE, Suite 850, Atlanta, Georgia 30326 404.975.5000.

ADMISSION CRITERIA

If you are an LPN – STOP!

Please fill out the Advanced Placement Application.

Laramie County Community College is an open admissions institution and provides programs beneficial to all students. College admission requirements are found in the college catalog. Admission to the Nursing Program is competitive and students must be in satisfactory academic standing with a minimum GPA of 2.5, of courses taken in the nursing curriculum, in order to apply. Applicants must complete the following steps:

Note: Students who have failed more than one core nursing course with a "C-," "D," "F," or "U" are ineligible to apply.

Step 1. Submit an LCCC Admission Application to the Admissions Office. It is the **student's responsibility** to request official transcripts of high school and college courses to be sent to the Student Records Office.

NOTE: Unofficial transcripts (student copies of all institutions attended,

including LCCC) must be attached and submitted with the Nursing Application.

Step 2. Prerequisites:

- A. COLS 1000 – Intro to College Success. Verify satisfaction of completion of this course as indicated by the Registrar. (Some students may qualify for an exemption from this course. See Page 37 of the catalog).
- B. ENGL 1010 – English I: Composition. You must either be enrolled or able to verify satisfactory completion (with a minimum grade of "C") of this course at the time you submit your application. An incomplete or grade lower than "C" is not acceptable.
- C. MATH 1400 – College Algebra or higher. You must either be enrolled or able to verify satisfactory completion (with a minimum grade of "C") of this course

at the time you submit your application. An incomplete or grade lower than “C” is not acceptable. **Statistics, Theory of Mathematics, or Clinical Calculations will not fulfill this requirement. ACT scores will not satisfy the math requirement. A college math course must be satisfactorily completed.**

- D. ZOO 2015 – Human Anatomy (or A&P I). You must either be enrolled or able to verify satisfactory completion (with a minimum grade of “C”) at the time you submit your application. An incomplete or grade lower than “C” is not acceptable. If you take Human Anatomy, you must complete the sequence with Human Physiology. If you take A&P I, you must complete the sequence with A&P II. Taking one course from each sequence will not fulfill the requirement.

- Step 3.** Achieve a 70% or higher on the Kaplan Entrance Exam with a reading score of at least 73% on the same test. **Contact the LCCC Testing Center for details and scheduling at 307.778.1105 or dmccoy@lccc.wy.edu.**

The test may be taken a maximum of two times (in one-year), with at least a three-week interval between the tests. The score is acceptable for three years.

- Step 4.** Complete the Nursing Program Application and submit it between **September 1-15**. When all applications have been verified with enclosed transcripts (including LCCC), placement scores, etc., letters will be mailed out. Any forms postmarked after September 15 will be ineligible for consideration.

- Step 5.** Begin the immunization process. **Note:** It is not necessary to submit the physical form with the application; however, you may want to begin the immunization process as soon as possible. The required immunizations can take up to eight months to complete. A physical form is provided for you to take to your health care provider.

Hepatitis B Process: Verify the 3-dose series by receiving the first dose, then one month later receive the second dose, and then five months later receive the last dose. You may choose to have a titer drawn

instead. If immunity is not indicated by the titer, then you must have a booster or start the 3-dose series again depending on your health care provider’s recommendation.

Rubella/Rubeola/Mumps Process: Verify two doses of the MMR vaccine or have titers drawn. If immunity is not indicated, by titers, then you must either start the 2-dose series or have a booster and another MMR titer drawn in six weeks.

Varicella Process: Verify two doses of the varicella vaccine or have the titer drawn to verify immunity. Having had the Chicken Pox disease, does not mean you have immunity.

Note: If you have had two titers drawn for these immunizations and you are still not immune, then you are exempt from any further attempts to become immune. Please keep all copies of your immunizations for your records.

PPD: In addition to the above-listed titers, all students are required to obtain a two-step TB (PPD) skin test and update it annually.

Other:

- A current TdAP booster (within 10 years)
- Basic Life Support for Health Care Providers through the American Heart Association valid through December 2019
- Annual Flu Shot

Any student found out of compliance with these requirements will be sent home from clinical and may be dismissed from the program.

It is the student’s responsibility to furnish all the required paperwork. Incomplete applications will be ineligible for consideration.

Applications will be processed as quickly as possible. Every applicant can expect to receive a letter by the first week of November. Please do not contact us prior to this date as it will delay the application review process. Applicants may be placed on an alternate list and selected on a space-available basis. Students not selected for admission into the Nursing Program by the first day of class must initiate the admission process the following semester before being reconsidered for a future class. These students will be considered along with all new applicants.

After acceptance into the Nursing Program, proof of the following additional requirements must be submitted to the Nursing Program as stipulated in the acceptance letter.

1. Acceptable report of the background check/ drug screen. Requirements will be explained in the acceptance letter.

Note: Applicants who have been convicted of a felony, treated for mental illness or substance abuse should follow the instructions from the Wyoming State Board of Nursing as found on our website at lccc.wy.edu/programs/nursing, select "Apply to the Program" and Background check information (pdf). Our college will provide education for those who meet our program objectives and have an acceptable criminal background check, but the Wyoming State Board of Nursing must protect the public and can deny licensure regardless of our program's or the hospital's criminal background check. **Any student who cannot**

pass the background check will not be eligible to attend clinical, and therefore, will be dismissed from the program.

2. A health insurance verification form. All students admitted to the Nursing Program are expected to be responsible for personal health costs. Students are not covered by workers' compensation because they are not employees of our clinical sites.
3. Nursing Drug Screening and Background Policies/Signature Pages
4. Proof of all immunization requirements outlined in Step 5.
5. Applicants must be able to perform the Essential Functions of a Nurse. See the attached list of physical expectations.

Failure to submit required documentation may result in forfeiture of your position in the Nursing Program and an alternate candidate will be notified.

CURRICULUM PLAN OF THE LCCC NURSING PROGRAM

PREREQUISITES	Credit Hours	Clock Hours
COLS 1000 – Intro to College Success	3 hrs	45 hrs
ENGL 1010 – English I: Composition	3 hrs	45 hrs
MATH 1400 – College Algebra (or higher).	3 hrs	45 hrs
ZOO 2015 – Human Anatomy (or A&P I)	4 hrs	75 hrs
	13 hrs	210 hrs

Passing score for the Kaplan Nurse Entrance Exam
 Accumulative GPA of 2.5 for courses taken in the nursing curriculum.

Semester	Course Number	Title	Credit Hours	Clock Hours
1st	NURS 1100	Professional Nursing Care in Health Promotion	5 hrs	75 hrs
	NURS 1115	Professional Nursing Care in Health Promotion Clinical	5 hrs	225 hrs
	ZOO 2025	Human Physiology (or A&P II)	4 hrs	75 hrs
	Total Hours		14 hrs	375 hrs
2nd	NURS 1200	Professional Nursing Care of Pt w/Chronic Illness	5 hrs	75 hrs
	NURS 1215	Professional Nursing Care of Pt w/Chronic Illness Clinical	5 hrs	225 hrs
	PSYC 1000	General Psychology	3 hrs	45 hrs
	MICR 2240	Medical Microbiology	4 hrs	75 hrs
	Total Hours		17 hrs	420 hrs

The above courses must be successfully completed to progress to the second year.

	NRST 1980	PN Exploration	2 hrs	30 hrs
<i>Optional course to become eligible to take NCLEX-PN Exam</i>				

Semester	Course Number	Title	Credit Hours	Clock Hours
3rd	NURS 2300	Professional Nursing Care of Pt w/Acute Illness	5 hrs	75 hrs
	NURS 2315	Professional Nursing Care of Pt w/Acute Illness Clinical	5 hrs	225 hrs
	CO/M 2010	Public Speaking	3 hrs	45 hrs
	Total Hours		13 hrs	345 hrs
4th	NURS 2400	Professional Nursing Care of Pt w/Complex Illness	5 hrs	75 hrs
	NURS 2415	Professional Nursing Care of Pt w/Complex Illness Clinical	5 hrs	225 hrs
	+ POLS 1000	American & WY Government OR		
	+ HIST 1211	US History to 1865 OR		
	+ HIST 1221	US History from 1865 OR		
	+ HIST 1251	Wyoming History OR		
	+ ECON 1200	Economics, Law, and Govt	3 hrs	45 hrs
Total Hours		13 hrs	345 hrs	

TOTAL CREDITS for ADN Curriculum	70 hrs	1695 hrs
TOTAL CREDITS if Optional PN Exploration course is Completed	72 hrs	1725 hrs

+ If any of these courses have been accepted for transfer at LCCC from an out-of-state institution, a one-credit hour course of Wyoming Constitution (POLS 1100) is required. Refer to your degree requirements in the college catalog for more specific guidelines.

The above credit hours use a 50-minute hour. One credit of theory class = 15 clock hours; one credit of lab = 30 clock hours and one credit of clinical = 45 clock hours.

Note: All courses must be completed prior to or during the semester it is listed. Students may not progress to the next semester without having satisfactorily completed all courses listed in the current semester.

PROGRESSION IN THE NURSING PROGRAM

To progress semester to semester in the Nursing Program, the student must:

1. Maintain a minimum grade of "C" in every required general education and nursing course for each semester. A student may request faculty appeal for consideration if less than a "C" is earned.
2. Take nursing courses in sequence.
3. Take general education courses within or prior to the semester in which they are found, as outlined in the curriculum.
4. Maintain acceptable background checks/drug screens.

Estimated Program Expenses

See LCCC catalog for general school expenses. Additional estimated expenses for the Nursing Program are:

Physical Exam, Immunizations, Titers	(Varies with number and types of immunizations necessary)
Background check and drug test	\$ 159
Books.	\$ 1,200
Uniforms	\$ 150
Required clinical course fee for the Nursing Program	\$ 500 per semester
Scissors, watch, stethoscope	\$ 75
Pin (at graduation time)	\$ 30
Licensure Exam Fees	
NCLEX-RN	\$ 200
WSBN Application Fees.	\$ 190

The student is expected to provide transportation to class and to assigned clinical experiences.

Student Services: See LCCC catalog for information.

STUDENT COMMITMENT

Due to the demands of the full-time Nursing Program, student employment and other college elective courses should be approached with caution. This personal decision should be based on individual performance in the classroom, clinical areas and personal health. It is the desire of the nursing faculty that students be successful in this program and that essential learning not be compromised. Students will not be excused from class or clinical assignments for personal work schedules or elective classes. Alternative funding may be found by contacting the Financial Aid Office (307.778.1215).

Clinical experiences in hospitals, clinics and other facilities may be scheduled as early as 6 a.m. or as

late as midnight, including weekends. Clinical sites are held in a variety of communities and students may need to commute. The student is required to participate in the clinical experience as it is scheduled. Childcare arrangements, work schedules and transportation are the responsibility of the student.

Classroom attendance is expected and accountability for knowledge and assignments is the student's responsibility. Skills labs are required to prove competency and are part of the required clinical experience. Failure to comply with attendance or assignments could result in dismissal from the program.

NURSING APPLICATION CHECKLIST

Before submitting your application, make sure you have included the following:

- 1. Submitted an application for admission to the College and OFFICIAL Transcripts to the Student Records Office.
- 2. Submitted the Nursing Application to Nursing Program.
- 3. Attached Entrance Exam score.
- 4. Attached a copy of all transcripts of all colleges attended including LCCC.
- 5. Signed and included "Statement of Understanding Concerning Licensure."

If any of these items are missing, the application may be considered incomplete and will not be considered for acceptance.

LCCC NURSING PROGRAM APPLICATION

Due between September 1-15, 2017 for the class beginning January 2018

Print or type — All items **MUST** be completed for your application to be considered.

First Name: _____ Middle Initial: _____ Last Name: _____

Address: _____ Primary Phone: _____

City, State, ZIP: _____ Secondary Phone: _____

Last four digits of SS#: _____ LCCC Student ID #: _____

Personal Email: _____

Step 1: I submitted an LCCC Admission Application and requested official transcripts from other schools (if applicable) to be sent to the Student Records Office. **Unofficial transcripts from all institutions (including LCCC) are attached to this application.**

Institutions attended: _____

Step 2: A. COLS 1000 – College Success: You must verify satisfaction of COLS 1000 according to Admissions.

B. ENGL 1010 – English I: Composition: I am enrolled in ENGL 1010
 I completed ENGL 1010.

C. MATH 1400 – College Algebra: I am enrolled in MATH 1400 or higher
 I completed MATH 1400 or higher.

D. ZOO 2015 – Human Anatomy:
 I am currently enrolled in Human Anatomy or A&P I
 I have completed Human Anatomy or A&P I.

Step 3: I have taken the Kaplan entrance exam within the last 3 years and attached the score.
 Date test was taken _____ Overall Score _____ Reading Score _____

Step 4: Submit the Nursing Program Application to the nursing office.

Step 5: Start the immunization process.

Other: I am currently taking the following college courses:

COURSE #	COURSE NAME	INSTITUTION	CREDITS

Laramie County Community College is committed to providing a safe and nondiscriminatory educational and employment environment. The college does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, political affiliation, sexual orientation or other status protected by law. Sexual harassment, including sexual violence, is a form of sex discrimination prohibited by Title IX of the Education Amendments of 1972. The college does not discriminate on the basis of sex in its educational, extracurricular, athletic or other programs or in the context of employment.

The College has a designated person to monitor compliance and to answer any questions regarding the college's non-discrimination policies. Please contact: Title IX and ADA Coordinator, Suite 205, Clay Pathfinder Building, 1400 E College Drive, Cheyenne, WY 82007, 307.778.1217, TitleIX_ADA@lccc.wy.edu.

The courses listed below are all of the general education requirements for graduation from the Nursing Program. Tell us which courses you are enrolled in as well as the courses you have completed. **If a grade for a course cannot be determined on the actual institution's transcript, no points will be given and the course will need to be successfully completed.**

Please complete the table below using the following point system. No points are given for COLS 1000.						
Grade of: A = 12 points B = 8 points C = 5 points Enrolled = 3 points						
COURSE	COURSE #	COURSE NAME	INSTITUTION	SEMESTER	GRADE	POINTS
COLS 1000: Intro to College Success						0
ENGL 1010: Freshman English Composition I						
MATH 1400: College Algebra						
ZOO 2015: Human Anatomy						
ZOO 2025: Human Physiology						
PSYC: 1000: General Psychology						
MICR 2240: Medical Microbiology						
CO/M 2010: Public Speaking						
US & Wyoming Government or History Requirements*						
*If a history or government class is accepted as a transfer course from an out-of-state institution, a one-hour course, POLS 1100 – Wyoming Constitution is required.						
Passed all general education courses required for the Nursing Program on the first attempt = 20 pts. Only one or two failing grades in any general education or nursing course = 10 pts. More than two failing grades in any general education or nursing course(s) = 0 pts. (Note: A "C-," "D," "F," or "U" is considered a failing grade. Any failing grade in a general education course prior to 10 yrs. will be disregarded.)						
Wyoming Resident = 4 pts						
The following courses are prerequisite courses for the BSN program at UW. Grade of: A = 12 points B = 8 points C = 5 points Enrolled = 3 points						
COURSE	COURSE #	COURSE NAME	INSTITUTION	SEMESTER	GRADE	POINTS
BIOL 1010: Biology I (BSN Requirement)						
HOEC 1140: Nutrition (BSN Requirement)						
Human Culture Elective (BSN Requirement)						
CHEM 1000: Introductory Chemistry (BSN Requirement)						
STAT 2050 or 2070: Statistics (BSN Requirement)						

Total Possible Points: 180

Total Applicant Points _____

Nursing Program
Laramie County Community College
1400 E. College Drive
Cheyenne, WY 82007

NOTE: You cannot register for any nursing class until you are notified of official acceptance or have written permission from the Program Director.

**LARAMIE COUNTY
COMMUNITY COLLEGE**

STATEMENT OF UNDERSTANDING CONCERNING LICENSURE

The following questions are asked on the State of Wyoming application for licensure as an LPN/RN; therefore, it is for your information and written answers are not required.

1. Has any disciplinary action been taken or is pending (i.e. open investigation) against you from a LICENSING AUTHORITY?
2. Have you ever been investigated or charged with ABUSE, NEGLECT OR MISAPPROPRIATION OF PROPERTY?
3. Has your application for examination or licensure ever been DENIED BY A LICENSING AUTHORITY?
4. Do you have a physical or mental disability which renders you unable to perform nursing services or duties with reasonable skill and safety and which may endanger the health and safety of persons under your care?
5. Are you now or have you in the past five (5) years been addicted to any controlled substance, a regular user of any controlled substance with or without a prescription, or habitually intemperate in the use of intoxicating liquor?
6. Have you been terminated or permitted to resign in lieu of termination from a nursing or other health care position because of your use of alcohol or use of any controlled substance, habit-forming drug, prescription medication, or drugs having similar effects?
7. Have you ever been arrested, convicted, pled guilty to, pled nolo contendere to, received a deferment, or have charges pending against you for any crime including felonies, misdemeanors, municipal ordinances, and/or any military code of justice violations, including driving under the influence of any intoxicating substance? Do not include non-moving traffic violations or moving violations which did not involve alcohol or substance impairment.

If you answer 'yes' to any of the above, refer to www.lccc.wy.edu/programs/nursing, select "Apply to the Program" and Background check information (pdf). LCCC will provide education for those who meet our program requirements and have an acceptable background check/drug screens, but the Wyoming State Board of Nursing's role is to protect the public and it can deny licensure regardless of our program's background check/drug screens.

Clinical agencies may require drug screening, abuse clearances and/or criminal background checks prior to allowing students into a clinical setting. Students are advised that the inability to gain clinical educational experiences can result in the inability to meet program objectives and outcomes. The circumstances may prevent progression through the program and ultimately result in dismissal from the program.

I have read and understand the above statement regarding nursing licensure in Wyoming.

Signature _____ Date _____

Essential Functions of a Nurse

- Lift 10-25 lbs Frequently
- Lift 26-50 lbs Occasionally
- Carry 10-25 lbs Occasionally
- Push/Pull up to 50 lbs Occasionally
- Squat/Kneel Occasionally
- Wrist Pronation/Supination Constantly
- Wrist Flexion/Extension Constantly
- Sit Occasionally
- Stand/Walk Constantly
- Crawl Infrequently
- Back Flexion Constantly
- Back Extension Occasionally
- Back Rotation Constantly
- Neck Flexion Constantly
- Neck Extension Occasionally
- Neck Rotation Frequently
- Reaching Above Shoulder Frequently
- Use of Fingers and Hands Constantly
- Repeated Bending and Reaching Frequently
- Ability for Rapid Mental & Muscular Coordination Simultaneously Constantly
- Near Vision Required
- Hearing (aid permitted)

LCCC Nursing Program Technical Standards

Please read the following information as you will be required to abide by its content. All nursing students admitted to Laramie County Community College Nursing Program must be able to meet these standards **with or without accommodation(s)**.

- **Observation/Sensory-motor:** Students must be able to observe demonstrations and learn from experiences in the basic sciences, including but not limited to, anatomy, physiology and microbiology laboratory situations. Students must be able to observe and learn from experiences in the clinical nursing laboratory such as the following examples: accurately read gradients/calibrations on a syringe; measure medications accurately; accurately recognize color changes on chemical reaction strips; assess heart, breath, abdominal sounds; assess normal and abnormal color changes in the skin; observe pupil changes; and observe digital or waveform readings.
- **Communication:** Communications include not only speech but also reading, writing and computer usage, including handheld digital access. Students must be able to communicate accurately and effectively with patients, caregivers, physicians, other health professionals, clinical facility staff, faculty and staff, peers, and the community in general in order to elicit information, describe changes in mood, activity and posture, and perceive nonverbal communications.

- **Psychomotor:** Students should have sufficient motor function to elicit information from patients by palpation, auscultation, percussion, and other diagnostic maneuvers. Students should be physically able to collect specimens and perform basic tests (such as glucose finger stick, urine dipstick). Students should be able to execute motor movements reasonably required to provide general care and emergency treatment to patients. Example of emergency treatment reasonably required of nurses are cardiopulmonary resuscitation (CPR), administration of intravenous (IV) medication, application of pressure to stop bleeding, and assist in moving and lifting patients using proper body mechanics. Such actions require coordination of both gross and fine muscular movements, equilibrium and using tactile and visual senses.
- **Intellectual-Conceptual, Integrative, and Quantitative:** Students must be able to comprehend and interpret documents written in English. Students should have cognitive abilities including measurements, calculation, reasoning, analysis, and synthesis. Critical thinking is the ability to synthesize knowledge and integrate the relevant aspects of a client's history, physical exam findings and diagnostic studies. Problem solving, the critical skill demanded of nurses, requires all of these intellectual abilities. In addition, the student should be able to comprehend three dimensional relationships and to understand the spatial relationships of structures in order to understand normal and abnormal anatomy and physiology.
- **Behavioral and Social Attributes:** Students must possess the emotional health required to utilize their intellectual abilities fully, exercise good judgment, complete all responsibilities attendant to the nursing diagnosis and care of patients promptly, and the development of mature, sensitive and effective relationships with patients and their families. Students must be able to tolerate physically taxing workloads and to function effectively under stress. They must be able to adapt to changing environments, to display flexibility, and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal communication skills, interest and motivation are all personal qualities that should be assessed during the education process. As a component of nursing education, a student must demonstrate ethical behavior including adherence to the professional nursing code and the LCCC and LCCC Nursing Program students conduct codes.

These standards were adapted from the University of Kansas School of Nursing Technical Standards for Admission.

The physical form does not need to be submitted with the application.

We will request this to be submitted after acceptance to the nursing program.

Medical Release

Any student undergoing surgery, pregnancy, or an acute or chronic process, or who is on any medication that could affect clinical performance, must submit a written medical release from a health care provider to the clinical instructor to be placed in the student file to attend clinical.

LCCC NURSING PROGRAM PHYSICAL FORM
TO BE SUBMITTED AFTER ACCEPTANCE

TO BE COMPLETED BY APPLICANT

Name of Applicant _____
(Print Name)

Date of Birth _____

Childhood diseases _____

Hospitalizations (why and when) _____

Have you ever had:	Yes	No
a) Heart problems	<input type="checkbox"/>	<input type="checkbox"/>
b) Rheumatic fever	<input type="checkbox"/>	<input type="checkbox"/>
c) Epilepsy or seizures	<input type="checkbox"/>	<input type="checkbox"/>
d) Tuberculosis	<input type="checkbox"/>	<input type="checkbox"/>
