PROGRAM

FREE OB ULTRASOUND SCAN

Students in Laramie County Community College's diagnostic medical sonography program are currently studying OB scanning. These students need volunteers to practice their scanning techniques in LCCC's modern ultrasound lab.

WHO MAY VOLUNTEER:

Volunteers must:

- Be 18-36 weeks (4.5-8 months) pregnant at the time of exam.
- Have had a normal OB ultrasound performed at a physician's office, clinic or hospital for their current pregnancy in the second or third trimester.
- Bring their OB report or have a doctor's note on a letterhead from the office.

SCHEDULING AN EXAM

- Exams are available during the spring semester only, January 25 through April 26, 2017.
- Wednesdays:
two time slots at 1 p.m.
two time slots at 2 p.m.

TO SCHEDULE YOUR APPOINTMENT

- Contact:
Amanda Kutsch 307.778.1140
- Monday-Thursday, 9 a.m.- 2 p.m.

WHAT TO EXPECT:

- Volunteers will be scanned for approximately 45 minutes by 1-2 students. At all times, students are monitored and instructed by an experienced LCCC DMS faculty member.
- These ultrasound exams are not designed to replace official ultrasound exams performed by professional sonographers.
- Ultrasound exams will NOT be read by a radiologist, nor will a report be generated.
- Students will provide several paper print images of your baby.
- LCCC will provide you a CD of your exam. Images are JPEG format.
- LCCC does have 3-D/4-D technology
- Volunteers are encouraged to bring up to three guests with them to share in the experience.
- OB ultrasound exams are free and provided to aid in the training of LCCC DMS students.
- Prepare to be patient and enjoy the time spent observing your baby.
