CITY AND COUNTY CONTACTS

911 Protocol

In any emergency, always try to remain calm and rational. The following procedures are used as a guide to help you deal with an emergency. Remember, no two emergencies will ever be the same, so common sense must prevail.

If in doubt, call 911.

Anytime that a 911 call is necessary, follow the guidelines below:

1. Identify yourself
2. Give nature of emergency.
3. Give building address and precise location of emergency in the building.
4. Give medical status of all visitors and staff if known (if appropriate).
5. Do not hang up unless told to do so by the 911 operator.
6. After being released by the 911 operator, alert Campus Safety by calling 778.1122 .

**NOTE: If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.**

911 PROTOCOL

Fire, Smoke or Explosion

When a fire or explosion occurs in the building, or if you observe smoke, please follow the guidelines below:

1. Assess the situation; activate the nearest fire alarm and call 911
 - a. Identify who you are
 - b. Give your location, name and address of building
 - c. Give nature of incident: what kind, where and if there are any known injuries
2. After being released by the 911 operator, alert Campus Safety by calling 778.1122
3. Evacuate building. Go at least 500 feet away from the affected area. Keep streets, fire lanes, hydrant areas and walkways clear for emergency vehicles and personnel.
4. Do not attempt to return to the building until the “All Clear” is given.

NOTE: If calling from a campus land line, dial 9.911.

Calls from cell phone can be placed directly to 911.

FIRE, SMOKE OR EXPLOSION

Threatening Calls

1. Remain calm and collect as much information as possible.
 - a. If caller ID is possible, note the telephone number.
 - b. Who is calling?
 - c. Where is the caller calling from?
 - d. What is the caller's complaint?
 - e. How is the caller threatening?
 - f. **Do not** hang up the phone, even if the caller hangs up.
2. **From another phone**, notify Campus Safety by calling 778.1122
3. If directed to do so by Campus Safety, call 911.

NOTE: If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.

THREATENING CALLS

After-Hours Emergencies

If there is:

- Evidence of forced entry
- Severe vandalism
- Natural gas odors
- Visible physical damage from the elements
- Water or wind damage to the building

1. Call 911 from a safe place
2. Do not enter the building

If there is

- Minor vandalism that does not require securing the building, alert Campus Safety by calling 778.1122

**NOTE: If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.**

AFTER-HOURS EMERGENCIES

Shelter in Place – Hazardous Materials Spills

A toxic material that may be hazardous to the human body as a respiratory/skin hazard.

If you witness a hazardous materials spill, call 911.

If the spill occurs OUTDOORS:

1. Alert Campus Safety by calling 778.1122
2. Move staff and visitors indoors.
3. Turn off all ventilation systems.
4. Call 911 if emergency services are needed.
5. Go to designated Shelter In Place locations listed above. Close all windows and doors. Seal gaps under doorways and windows with wet towels and duct tape or a similar thick tape and plastic if available.
6. Close as many internal doors as possible.
7. If local authorities warn of an explosion, close all shades and drapes.
8. If you suspect that gas or vapors have entered the building, take shallow breaths through a cloth or towel.
9. Remain in protected, interior areas of the building where toxic vapors are reduced and keep your radio with you and turned to 1240 AM or 100.7 FM, or weather alert radio for developing information.

If the spill occurs INDOORS:

1. Evacuate the affected area (areas of building).
2. Alert Campus Safety by calling 778.1122
3. Move staff and visitors outside.
4. Call 911 if emergency services are needed.
5. Shut off ventilation system.

NOTE:

If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.

SHELTER IN PLACE – HAZARDOUS MATERIALS SPILLS

Designated Shelter in Place locations

Modular	SC 121/159/160/169/175 FA 115/117/118
Physical Education Complex	SC 121/159/160/169/175
Physical Plant	PM 126A
Residence Hall	SC 121/159/160/169/175
Student Service	SS 133
Science Center	SC 121/159/160/169/175
Training Center	TC 112

Weather Situations

Snow

1. The grounds maintenance manager will call the Physical Plant Director by 5:30 a.m., who in turn will call the President.
2. The President or designee notifies PR, which notifies all local media by 6 a.m. The PR person also calls Campus Safety, residence hall, switchboard, Channel 11, the Children's Discovery Center, branch campuses, Student Life Director and Vice President of Student Services. The PR person sends out an LCCC email if possible. The PR person should call the media and then follow up with a written news release.

If the closure happens later in the day, the communication tree, email and Channel 11 will be used to notify campus employees and students.

3. 'Closed campus' refers to all classes and activities in Cheyenne.
4. To find out about closures at branch campuses, check the Laramie County Community College website at lccc.wy.edu.

Flood

FLOOD WATCH—Flooding is possible.

FLOOD WARNING—Flooding is already occurring or will occur soon.

1. Move from the lower part of the campus to higher ground.
2. Stay away from power lines and electrical items.
3. Look before you step; make sure there is something to step on. Six inches of moving water can knock a person down.
4. Be alert for gas leaks.
5. Stay on high ground until notified.

Tornado (See shelter list on next page)

TORNADO WATCH—indicates that conditions are right for a tornado.

TORNADO WARNING—indicates one has developed or could develop within minutes.

Assist people with disabilities. Do not use elevators. Avoid outside walls, glass windows, corridors, doors and display cases.

1. Do not leave the building unless you are instructed to do so.
2. If possible, get under heavy furniture that might protect you from falling or flying debris.
3. REMEMBER that people are not killed or injured by a tornado's winds; airborne debris and falling objects caused by the winds are what cause casualties in a tornado.
4. Do not leave the safety of the area until an "all clear" is given.

Earthquake

1. Seek refuge in a doorway or under furniture. If there is nothing available for cover, crouch against an interior wall and protect your head and neck with your arms. If seeking cover under a desk or table, hold on to it and be prepared to move with it during the quake.
2. Stay where you are until the shaking stops and it is safe to move.
3. Evacuate the building and assist any injured people or persons with a disability. Avoid electrical wiring, indoors and out. Do not use elevators. Go at least 500 feet away from the affected area. Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel.
4. Be alert for the smell of natural gas. If detected, leave the area immediately. Report smell to Campus Safety and/or Maintenance.
5. Be prepared for aftershocks. Most of these are smaller than the main shock but some may be large enough to cause additional damage. Move to an open area, staying at least 500 feet from the building.
6. Do not return to the building until you are notified it is safe. If requested, assist emergency crews as necessary.

Intruders, Gunmen, Hostage Situations

Lockdown

If there is an INTRUDER INSIDE

1. Alert Campus Safety by calling 778.1122
2. If determined necessary, designated person should call 911.
3. Employees are to lock office doors and sit quietly.
4. Account for all staff.
5. Keep blinds closed.
6. Remain in lockdown until the “all clear” is given.

Suspected Threat

OUTSIDE and UNKNOWN LOCATION

1. Lock all interior entrance doors to offices.
2. Alert Campus Safety by calling 778.1122

Lockdown

If there is an INTRUDER OUTSIDE and VISIBLE

1. If a suspicious person is sighted.
 - Immediately notify Campus Safety.
 - Do not approach.
 - Campus Safety will ascertain the intent of the suspect.
2. If a gun is seen or suspected,
 - Alert Campus Safety by calling 778.1122
 - Secure all interior doors.
3. If shots are fired,
 - Take cover.
 - Move to a safe location if possible.
 - Account for staff, where you are.
4. Remain under cover until all clear is given.

HOSTAGE

1. If able to safely evacuate, DO SO!
2. Call 911
3. Alert Campus Safety by calling 778.1122

NOTE: If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.

INTRUDERS, GUNMEN, HOSTAGE SITUATIONS

Bomb Threat

- Upon receipt of a bomb threat, obtain as much information as possible.
- If an office receives a bomb threat electronically, save the message on the system.
- **Don't delete the item and print a copy of the message** to be turned over to the police.
- Do not panic; if it is a call, take notes. Record the exact wording if possible.
- **Do not hang up the telephone, even if caller hangs up.**
- Ask questions:

When is the bomb going to explode?	Where is the bomb now?
What does it look like?	What kind of bomb is it?
What will cause it to explode?	Did you place the bomb? Why?
What is your name?	What is your address?
Sex of caller:	Race: Age:
Length of call:	Number at which call is received:
Date: Time:	
Caller's Voice Calm Angry Excited Slow Rapid Soft Loud Laughter Deep Disguised Crying Normal Distinct Slurred Nasal Stutter Lisp Raspy Ragged Accent Cracking voice Familiar Deep breathing Clearing throat If voice is familiar, who did it sound like?	Background Sounds Street Irrational Factory machinery Office machinery PA system Animal noises Music Clear House Static Motor Local Booth Long distance Other _____ _____ _____
Threat Language Well spoken Taped Foul Incoherent Message read by	
BOMB THREAT FORM	

1. Immediately notify 911 and alert Campus Safety from a land-line phone by calling 778.1122
2. Do not evacuate the building unless:
 - The threat states the bomb will detonate at a specific time or within so many minutes and/or gives a specific location.
 - Do not report the threat on a cell phone and do not activate the fire alarm system. This could detonate the bomb.

**NOTE: If calling from a campus land line, dial 9.911.
Calls from cell phone can be placed directly to 911.**
