## 2018-2019 ANNUAL ENROLLMENT REPORT

*Unless otherwise noted, all of the categories in the tables below contain information defined at the term level. Therefore, the tables may contain duplication between categories since students' characteristics can change from term to term. For example, a student may have declared a CTE program in the fall and changed to a transfer program in the spring. This student would be counted under both categories in the annual report, since the student had been both transfer and CTE at some point during the year.*
