

<b>Transfer of Credit Policy</b>	Policy Number	3.18
	Effective Date	February 20, 2013

## **1.0 POLICY & PURPOSE**

The Board of Trustees recognizes that as an open admissions institution, many students may attend having enrolled in and successfully earned academic credit from other institutions of higher education. The Board believes it is important to accept students' credit from institutionally accredited post-secondary institutions in the United States. Further, the Board recognizes the College may accept credits earned at international post-secondary institutions, but that these may need to be reviewed on a case-by-case basis. Credit for military experience should be considered and awarded for degree applicable courses as suggested by the American Council of Education (ACE) Military Guide.

## **2.0 REVISION HISTORY**

Adopted on: 2/20/13  
Revised on: 6/15/23, 12/03/25
