

Animals on Campus	Policy Number	5.6
	Effective Date	12/01/21

1.0 POLICY & PURPOSE

The Board of Trustees of Laramie County Community College (LCCC) understands the importance of animals in our personal lives. However, for the safety of the college community and the animals themselves, it is the Board’s policy that, except under very specific situations, animals are not allowed on LCCC owned and/or operated property (e.g., grounds, buildings, vehicles, etc.).

The Board does recognize that at times animals may be necessary for the mental or physical well-being of individuals seeking to work in or utilize programs and services provided by the College. LCCC is committed to allowing individuals with disabilities the use of Service Animals on campus to facilitate participation and equal access to LCCC’s programs and activities. LCCC is also committed to allowing Emotional Support animals necessary to provide an equal opportunity to use and enjoy residential living through an approval process. Further, LCCC recognizes the value of trained and approved Therapy Animals in providing therapeutic support in times of stress. Animals on campus may also be required for the delivery of the institution’s curriculum and services.

Therefore, under strict guidelines and protocols, LCCC may allow animals to be on LCCC property if they are directly necessary for the fulfillment of an instructional purpose or college-sponsored service, or as authorized service, therapy, or support animals. Thus, the purpose of this policy is to set the expectations regarding live animals on LCCC property and to direct the President to establish administrative procedures that provide the appropriate protocols and processes for ensuring compliance with this policy and approval of exceptions.
